PRIMUS SAUVIGNON BLANC  
SÜDSTEIERMARK RIED ZIEREGG  
2020

Ripe and very well-structured with stacks of chalky minerality, this is a very serious sauvignon blanc that demands your full attention. Currently it needs aeration (big glass and swirling and/or decanting) to reveal its considerable depths. Lovely balance at the very long finish. Drinkable now, but best from 2024. Screw cap.

---

PRIMUS CHARDONNAY  
SÜDSTEIERMARK RIED  
GRASSNITZBERG 2020

I love the interplay of creaminess, caramelized pear character and mineral freshness in this impressively concentrated and precisely balanced chardonnay. So much wild herb and chalky complexity at the long polished finish. Drink or hold. Screw cap.

---

PRIMUS CHARDONNAY  
SÜDSTEIERMARK RIED ZIEREGG  
2020

The full-throttle creamy and buttery character is balanced by an intense salty minerality, creating a very distinctive flavor profile on the palate of this full-bodied chardonnay. Stacks of orange zest and orange blossom at the powerful, yet very clean finish. Drink or hold. Screw cap.

---

## PRIMUS SAUVIGNON BLANC STEIERLAND TERRA Z 2020

For a self-proclaimed orange wine this has a strikingly pale straw color. However, the bottle age has pushed this emphatically in the orange aromatic direction with dried orange peel and pear character overlaid by a glaze of leesy funk. Excellent balance of restrained tannins, mellowness and bright mineral acidity. Long, salty finish. From vines in the famous Zieregg site. Drink or hold.

---

PRIMUS SAUVIGNON BLANC  
SÜDSTEIERMARK RIED  
GRASSNITZBERG 2021

At once ripe and concentrated, but elegant and mineral, this is a beautifully crafted Styrian sauvignon blanc which is also very easy to enjoy. Glides over the palate, the acidity keeping it tense, but never in any way dominant. Long, polished finish. Drink or hold. Screw cap.

---

PRIMUS CHARDONNAY  
SÜDSTEIERMARK EHRENSHAUSEN  
2021

An excellent Styrian chardonnay that shows why this grape plays such an important role in the region. Here's the kind of textural complexity and elegance we expect from village wines in Burgundy, married to a lovely caramelized pear and summer meadow character. Long, creamy yet precise finish. Drink or hold. Screw cap.

---

PRIMUS POLZ SAUVIGNON  
BLANC SLOVENIA  
MUSCHELKALK 2022

Plenty of blackcurrant and some gooseberry fruit with a touch of minty freshness make this bold and crisp sauvignon blanc very appealing. Excellent balance at the long, very clean finish. Sustainable. Drink or hold. Screw cap.

---

PRIMUS SAUVIGNON BLANC  
SÜDSTEIERMARK EHRENHAUSEN  
2022

Very effusive nose of white currants, ripe gooseberries, along with notes of nettles, fresh sage and mint. At once juicy and crisp on the precisely delineated medium-bodied palate. Quite a deep and dark finish that adds some mystery to the picture. Drink or hold. Screw cap.

---

## PRIMUS TRAMINER STEIERLAND TERRA M 2020

Copper-tinged deep straw color. The intensely smoky nose with notes of allspice and clove pulls you into this powerful and tannic orange wine that has good balance and stacks of spicy character on the bone-dry, but moderately acidic palate. Self-confidently austere finish. Unfiltered and unfined. Drink or hold.

---

## PRIMUS WELSCHRIESLING STEIERLAND TERRA 2022

For a self-proclaimed orange wine this has a strikingly pale and green-tinged color. However, the wine is cloudy with an intense bread dough yeastiness on the nose as well as apple ring and dill aromas. Creamy, crisp and salty with plenty of apple fruit and restrained tannins. Bold and zesty finish. Unfiltered. Drink or hold.

---

## PRIMUS SAUVIGNON BLANC SÜDSTEIERMARK 2022

A juicy and grapey medium-bodied dry muscat with moderate acidity for this grape. The touch of tannin at the finish is well-integrated. Drink now. Screw cap.
